Items included with Stacked Panels

Primary*	Secondary**
Panel Sweep Interlock Weather Strip Rout for exterior finger pull – (only if original had flush handle) Stile edge cover Handle rout prep (flush or keyed)	Panel Sweep 2 Interlocks Weather Strip Rout for panel bumpers 2 Stile edge covers Interior flush handle rout
Stationary	Bi-Parting
Panel Sweep Interlock Weather Strip Stile edge cover Shoot bolts with stationary brackets	Panel Sweep Interlock Weather Strip Stile edge cover Interior flush handle rout Exterior finger pull rout

* If an operating panel is interlocking to a stationary panel, the panel will need to be prepped with bumpers for the stationary jamb.

** If a secondary panel interlocks with the primary panel, specify the type of handle used on the primary panel (flush or keyed exterior). This will determine where the panel bumper prep will be located.

Weather strip is determined by the color of the sill (black weather strip = bronze anodized sill, gray weather strip = mill anodized sill). Panel sweep color is determined by the color of the sill – same as above.

Interlocks and Panel Edge Covers are wood wrapped and will match wood species.

Interior Finger Pulls, Exterior Finger Pulls, Flush Mount Levers and Keyed Handle Sets available in Bronze

PVD, Satin Nickel PVD, and Brass PVD.

Operating hardware is available Bronze or Gray – determined by color of sill.

Information required to order Replacement Panels

NOTE: Specify sill type, flush/recessed or performance sill on all orders for replacement panels. Specify interior sticking profile (Ogee or Square).

Primary Panel Options

1. Panel with operating hardware (color) and flush handle installed (color).
2. Panel with operating hardware (color) and keyed fixed handle set (color).
3. Interior finger pull rout.
4. If panel interlocks with stationary panel, prep with bumpers.

Secondary Panel Options

5. Panel with operating hardware and flush handle installed (color).
6. If panel interlocks with stationary panel, prep with bumpers.

Bi-Parting Inactive Panel Options

7. Panel with operating hardware (no color needed) and flush handle (color needed).
8. With edge pull installed (only available in Satin Chrome).
9. Interior finger pull rout.
10. Inactive locking base w/astragal. (Will need to order locking bolt jig).
11. Locking bolt jig (keyed fixed handle part #02102388 or flush handle part #02102387).
12. If panel interlocks with stationary panel, prep with bumpers.
